

We do, what we love.

HEAD OF AI [m/w]

starting date: october, Frankfurt/Main, fulltime

savedroid is the first AI platform, combining financial and behavioral data. savedroid's AI maximizes your lifestyle with the first intelligent personal assistant offering financial advice for everyday use, in order to optimize your saving & spending.

We're looking for someone who would be excited to become part of savedroid's team covering the following fields:

Your role:

- To lead and own the research direction for the data science and AI team
- Build a world class AI team by hiring the best talent from top AI institutions
- Focus on using state of the art AI technology to create value aligned with the business objectives
- Be a participating member of the executive team, collaborating with IT, Marketing, UX & Business Development and building relationships across all key stakeholders, in order to align strategic goals and to ensure collaboration in delivering value
- Challenge the status quo, establish rapid proof points in new approaches, applying the correct AI methods, to maximize return in effort
- Proactively seek relevant industry collaborations, maintaining a keen interest in industry trends and potential beneficial partnerships
- Be an innovator, be prepared to take risks and be driven by the ability to have impact in everyone's everyday life
- A breadth of contacts within the industry and academia to engage in ideas and knowledge share
- Excellent communicator, both verbal and written, with ability to influence at all levels and departments
- Previous experience in a dynamic, fast-paced, ideally non-academic environment
- Coding skills in at least one major language would be a plus (preferred: Java, Python, node.js, PHP)

Why savedroid?

- A salary package consisting of an attractive fixed salary and an employee stock option programm
- Flexible working from home
- Responsible tasks in a creative and exciting industry
- Team-oriented, open-minded working environment with dynamic colleagues, super team-offsites, sport & socializing events & much more
- Free lunch & brunch, snacks and drinks
- One of the most beautiful offices in the middle of Frankfurt city, located in the FinTech Hub Deutsche Börse, close to one of the longest shopping miles 'Berger Straße', having the coolest restaurants and bars around FFM
- Burn-Out-Protection-Dogs: Lila & Jewa

Your profile:

- A PhD in an associated area of research within the AI spectrum
- Experience in providing leadership and direction for AI driven research
- A strong understanding of the current trends within data driven research: The latest thinking in deep learning, NLP and machine learning
